Relevant Coursework: Business Intelligence Systems, Project Management, Python Computing, Networks, Data Science (SQL & pandas), Programming and Design for the Web (HTML/CSS/JS), Communication and Technology, Financial Accounting, Finance, Cybersecurity foundations, Cybersecurity Application Hardening

Skills & Projects

Software & Programming Tools

- Familiarity with: Python, Excel, Power Query/Automate/Bi, MySQL, Pandas, R, GitHub, Figma, WSO, Salesforce, Tableau, OpenAI API, Anthropic Claude API, HTML, CSS, JS, LangChain, StreamLit, Docker, prompt engineering.

Salesforce Case Management Automation

- Identified inefficiency in FA team's service request workflow where 50+ pending cases went unnoticed after client responses, causing delays in task completion
- Developed automated Power Automate workflow to monitor email responses, update case statuses from "Pending" to "In Progress," and trigger analyst notifications
- Eliminated manual case tracking, reduced response times, and improved team productivity by ensuring actionable tasks were immediately surfaced

HusKey Cybersecurity Password Manager

- Built a secure PHP/MySQL password manager aligned with OWASP best practices, including hardened authentication, protected session management, sanitized user inputs, and patched vulnerabilities identified through ZAP testing.
- Created a full deployment with TLS and structured logging, implemented secure defaults, and documented a full vulnerability-remediation workflow covering SQL injection, XSS, and session-fixation risks.

Work Experience

Golub Capital – Fund Accounting Optimization Internship – Chicago, Illinois June 2024 – August 2024

- Projects & Process Team: Internal optimization initiatives within Fund Accounting department
- Leveraged Microsoft Power Query to streamline FA month-end close projects, enhancing reporting efficiency
- Developed a comprehensive new hire training guide and case study for Microsoft Power Platforms (Query, Automate, Apps)
- Achievements: Salesforce case management project, Internal BI & data flow understanding of PC & PE Firms, now highly proficient in various Microsoft Power Platforms, Final presentation for entire FA department of 150+ individuals, personal & professional growth

Fleet Feet – Sales Consultant – Encino & Burbank (CA), Ballard (WA) May 2022 – Present

- Precise fitting of each customer using 3D foot scanning mechanics
- Completion of daily e-commerce operations. Online order fulfillment & corporate returns via Shopify/Shipstation
